Dear Dr Lonsdale

The Veterinary Practitioners Board of NSW (Board) has received notification of a YouTube video presented by you entitled '[Stop the mass poisoning of pets by vets](#)'.

The Board considered this video and its contents at its meeting 15 March 2016 and after discussion and careful consideration resolved that whilst you are entitled to express an opinion in this area it must be delivered in a manner that does not adversely affect the standing of any other veterinary practitioner or the veterinary profession.

The Board requested that I remind you of your obligation above as outlined in the [Veterinary Practitioners Code of Professional Conduct](#) (*Veterinary Practice Regulation 2013* (sch 2 cl 6)) and that you adjust the delivery of your message accordingly.

If you have any questions in relation to this decision please do not hesitate to contact me.

Yours faithfully

John Baguley
